Educational Review publishes general referred articles and accounts of research of interest to teachers, to lecturers, to research workers in education and educational psychology, and to students of education. Special consideration is given to articles dealing with research, with descriptions of experimental work in schools, and with critical reviews of teaching methods of curricular content in schools. From time to time the journal publishes material on administrative problems, on tests and measurement, on child growth and development, and on the relation of schools to the community.

Editorial correspondence, including books for review, should be addressed to the Editors, *Educational Review*, School of Education, University of Birmingham, Edgbaston, Birmingham B15 2TT, UK.

Business correspondence, including orders and remittances relating to subscriptions, advertisements, back numbers and offprints, should be addressed to the publisher: Carfax Publishing Company, P.O. Box 25, Abingdon, Oxfordshire OX14 3UE, UK.
